PURPOSE

Power of Attorney

The client hereby authorizes HYPOTEQ to obtain any and all information that, at HYPOTEQ's discretion, is necessary or useful for obtaining offers or for concluding a mortgage loan. This also includes the storage and processing of data for the calculation and preparation of mortgage offers as well as for the specific agreement of products and their conditions.

In particular, the client releases banks from banking secrecy and authorizes them to exchange the information and documents necessary for the transaction and its execution. This exchange may take place by telephone, fax, or unencrypted e-mail.

In particular, the client hereby authorizes all financing and processing partners, as well as official bodies such as land registry offices, to disclose confidential information insofar as the provision of information relates to obtaining offers or concluding a mortgage loan. The client expressly permits HYPOTEQ to inform its financing partners of whether or not a mortgage has been concluded for the property that is the subject of this request.

Further Provisions

The client confirms that the assets used as equity on the one hand and to finance the interest and amortization of the mortgage on the other are known to the competent tax authority/authorities and are declared in accordance with the applicable regulations.

For its activities as a mortgage advisor and broker, or as a platform operator, HYPOTEQ receives advisory and distribution compensation from the individual financing partners. This may vary depending on the service and amounts to a maximum of 0.1 % of the agreed mortgage amount per year of term, but no more than 1.10 %. The applicant expressly agrees to such compensation for the independent advice and the associated effort and waives any claims (e.g. passing on to the applicant) in connection with the individual compensation payments.

The client supports HYPOTEQ by providing all documents and information required for the evaluation and granting of a mortgage in a timely manner.

Fair Play Rule

The client undertakes to accept a financing offer proposed by HYPOTEQ if at least one offer presented thanks to HYPOTEQ, under the same conditions and requirements, is equal to or better than offers already available to the client at the time of signing this agreement.

If no contract is concluded between the client and a mortgage provider proposed by HYPOTEQ, even though at least one offer obtained through HYPOTEQ is equal to or better for the client, the client is obliged to pay HYPOTEQ a one-time administrative compensation of CHF 500.

With my/our signature, I/we confirm the mandate to evaluate a mortgage based on the information I/we have provided.
